### TIPS FOR SELF-TAPES

1. Frame the talent from head to toe. Start off with an introduction (slate) looking into the camera (more information on what we need for your slate below in the audition instructions)- This is where we get to know you! **(Instructions are included on page 4)**
2. Zoom in so that the talent is framed from the top of the head to the mid-chest area ONLY, and keep that frame for the whole audition. There should be little to no space over the top of the talents' head. Be sure that the lighting is bright. Make sure that the sound quality is clear. It is very important that we can clearly see and hear you!
3. Now, do the interview! The interview instructions are included at the bottom of this audition package. **(Instructions are included on page 4)**
  - Make sure to have the person you are interviewing also in the frame
  - Remember to look natural, be energetic, have fun, and just be yourself!
4. Feel free to tape the interview as many times as you'd like, but only send us **one** take, the BEST take for the final product. \*BE SURE TO INCLUDE your INTRODUCTION tape as well!
5. Send forms, introduction and interview in **ONE** email to: [lbdscasting@gmail.com](mailto:lbdscasting@gmail.com)
